

Electric Steam Tables

MODELS:

CSTEB-5C

Standard Features

- Fully insulated open wells—all four sides and bottom of wells are insulated by fiberglass, 8" deep, dry heating style, open well design
- Temperature control—individual infinite switch controls each well
- Two type heat elements—500 watt per well and 750 watt per well
- Stainless steel die-stamped opening—12"x20", rising lip around well helps keep well clean and makes food pans easy to load and unload
- Poly cutting board—7" wide x 1/2" thick with 18 gauge stainless steel support shelf and brackets
- 18 gauge stainless steel top, body and under shelf
- Stainless steel tubular legs with adjustable stainless steel feet, giving tables a strong structure
- Indicator light of each well shows both power on and element heating
- Mechanical guards on all switches for safety and reliability
- Standard with water pans
